Subject: Info request from HHS

Hi Amanda and Kimber,

We just received some info on the WHO Air Pollution and Health Conference, and will forward key info to the US Del.

In the meantime, we had the specific info request from HHS:

On the delegation list, could you please confirm Amanda Curry-Brown's title and office, and verify the rest of the EPA information is correct?

We are looking for a good time to do a conference call with US delegation members as well. FYI, attached is the US delegation list we just received regarding the delegation. I you know of other EPA or USG folks planning to attend, please advise. Did things get resolved regarding the proposed BenMap training?

We will be in touch soon.

Thanks,

Ted MacDonald
